“If you’re a Christian, then you’re already in! You don’t have to prove anything to anyone anymore.”

Summary

As Christians, we have the blessing of knowing that whatever choices we make, we are in the Will of God. As long as we seek Him we can't make a bad decision. Sometimes, God is even giving us a choice of what to do because all the options are good and he loves us regardless of what we choose. This means the gifts God has given us are not to be ignored, but to be cultivated and used to serve others and glorify God. If we put God first, and others before ourselves, we can't go wrong!

Reflect, Discuss, and Share

01 What are some things that you are good at and like? What are some things that others have said you are good at? Is there something you like to do that you may not be as good at?

Discuss!

02 As long as we are seeking God we cannot make a “wrong” choice for our career, and fall out of his will. How does knowing this change the way that you view the future? How does it affect the way you live now?

Think about this!

03 How did you decide what career you wanted to go into? Would you approach that decision differently today? Why or why not? Share your thoughts with your teen.

Be Vulnerable!

“Now the Lord is the Spirit, and where the Spirit of the Lord is, there is freedom.”

2 Corinthians 3:17

Encourage your teen to find a mentor or someone they trust, and ask them what kind of career they think your teen would be good in.
